AAYUSH GUPTA

Full Stack Developer | Software Engineer

Indore, Madhya Pradesh, India | +91 98269 36114 | aayushgupta1003@gmail.com | LinkedIn

PROFESSIONAL SUMMARY

Software Developer with 4+ years of experience in Java, Angular, Spring Boot, Microservices, and cloud technologies. Proven track record delivering secure, scalable, and high-performing applications across banking, finance, airlines, and insurance domains. Adept at Agile/Scrum methodologies, CI/CD automation, and performance optimization, with strong skills in RESTful APIs, modern UI/UX, and cloud-based deployments (Azure, Docker, Kubernetes).

TECHNICAL SKILLS

Backend: Java, Spring Boot, Microservices, RESTful APIs, Node.js (migration experience)
Frontend: React.js, Angular, JavaScript, HTML5, CSS3, SCSS, Responsive Design
Cloud & DevOps: Azure (AKS, ACA), Docker, Kubernetes, Jenkins, CI/CD, Bitbucket
Database: SQL, NoSQL
Testing: JUnit, TDD, Integration Testing, Mockito
Methodologies: Agile, Scrum, Sprint Planning, Code Reviews

PROFESSIONAL EXPERIENCE

Technical Lead | *Tata Consultancy Services, Indore, India* **Aug 2025 – Present**
Projects: Nexus, Posten Bring

- Leading the Nexus 2.0 migration from a Node.js monolith to Java Spring Boot microservices.
- Executed Azure migration from AKS to ACA, improving scalability and cost efficiency.
- Developed new React components with improved design and mobile responsiveness.
- Handled production defect triage and root-cause resolution.
- Mentored developers and optimized CI/CD pipelines for faster, more reliable releases.

Senior System Engineer | *Tata Consultancy Services, Indore, India* **Aug 2024 – Jul 2025**
Projects: ADP, Japan Airlines

- Designed and developed front-end applications using Angular & TypeScript, ensuring a seamless user experience.
- Led Agile sprint planning and backlog grooming sessions, improving delivery predictability.

System Engineer | *Tata Consultancy Services, Indore, India* **Feb 2023 – Jul 2024**
Projects: UISIM, NYSDOL

- Developed full-stack features using Spring Boot (REST APIs) and Angular, integrated with MySQL.
- Enhanced UI consistency by resolving 40+ usability defects across multiple initiatives.
- Supported release planning and collaborated with QA on integration testing.

Assistant System Engineer | *Tata Consultancy Services, Indore, India* **Jun 2021 – Jan 2023**
Projects: Launchpad, Worldpay from FIS

- Built Single Page Applications (SPAs) with Angular, SCSS, and responsive design.
- Contributed to merchant onboarding applications in the BFSI domain using Angular & Ionic.
- Implemented unit testing practices, increasing code coverage and reducing production defects.
- Worked in Agile teams using Rally for task tracking and sprint reviews.

EDUCATION

Bachelor of Technology, Information Technology — Medi-Caps University, Indore (2017 – 2021)
High School, Science (PCM) — Shree Vaishnav Academy, Indore (2015 – 2017)

CERTIFICATIONS

- Angular (Basic) — HackerRank, 2023
- Java (Basic) — HackerRank, 2025
- Object-Oriented Programming with Java — Coursera, 2022
- React.js Essential Training — LinkedIn Learning, 2022
- Python for Data Science — Udemy, 2021
